OFFICE OF
LEON COUNTY
PROPERTY APPRAISER

November 4, 2003

MEMORANDUM

TO: Alan Rosenzweig, Director, Office of Management and Budget
FROM: Kathy Doolin, Assistant Property Appraiser *Kathy Doolin*
SUBJECT: DOR Matching Grant

As we have recently discussed, this is a request for support for our participation in the DOR Mapping matching grant program. This is part of an on-going effort, initiated last year, whereby our office receives matching funds for the Intensification of the Geodetic Control Network for the Leon County GIS. In layman's terms, this means locating, listing, and evaluating the existing survey monuments in Leon County, and then installing additional monuments where they will be most effective for all citizens of Leon County. We are able to do this by contracting with Tallahassee-Leon County GIS, who out sources the work. Last year the Inventory of the Existing Monumentation, an evaluation report on the existing Inventory was made, with priority listing of additional monumentation to be installed, along with installation of the first priority monumentation. This year we will continue with the installation of the remaining monumentation.

This effort is a great benefit to the entire community, as well as to our GIS program, and allows the Property Appraiser to be in compliance with DOR's Cadastral Mapping Guidelines.

I will be submitting a budget amendment to the DOR for the \$75,000 matching funds. I will need a statement of support for this project from the County.

Thank you for your support for this worthwhile effort.
